The First Car Start Time is not earlier than 10.30am at Start Control.

Start Times will be posted at the Results office by 10am.

Timecards will issued at Arrival Control for first stage.

The event will be run at 1minute intervals.

We have been given permission by the msa to allow a Familiarity Convoy.

This is a low speed drive through, in convoy in your competition car, without helmets and untimed.

We will top and tail the convoy with Officials and also intersperse Officials throughout the convoy so there is a slow pass and absolutely no hanging back/sprinting will be tolerated as there could well be course workers finalising the stage set-up and you are expected to be extremely careful, 25mph maximum speed. Failure to comply may lead to exclusion.

After the convoy has been completed proceed to the Start Area and book in for the Stages in the Start Order given.

Trailer parking during the rally will be available at Riverside car park Davagh.
All other non-service vehicles must park here as well.
Park trailers close together as instructed by marshals.

Your service crew must have a ground sheet on which to work.

Note: Do not sweep the groundsheet off onto the surrounding ground.

The rally **Start Area** is at the Cottages car Park, beside the Club and Results Offices

There will be a total of 12 stages in the event. There will be a Service after each 2 stages. The Service In Control will give you a time for Arrival at the next stage.
Please Note: regarding the traversing of the special stages, R25.6, 25.6.2 and 25.6.3 applies. Also Chart 32.2 Penalties apply. Remember that Maximum Lateness is 10minutes.

Minimum service time is 10minutes, in reality it will probably be considerably longer than that, especially between Stages 6 and 7, when the stages are turned around from anti-clockwise running to clockwise for the rest of the event.
